

CONTENTS

	Page
K. Ishiguro : Sur le probleme de l'équation fonctionnelle	1
R. Mohanty and B. Misra : On absolute logarithmic summability of a sequence related to a Fourier series	5
T. Kawata : Remarks on prediction problem in the theory of stationary stochastic processes	13
F. Terada : Complex multiplication and principal ideal theorem	21
Y. Izumi : Sur les formes normales.....	26
S. Izumi : Some trigonometrical series IX	30
E. J. F. Primrose : Coincidence points of a curve	35
I. Miyadera : On the generation of a strongly ergodic semi-group of operators	38
S. Tsurumi : On the ergodic theorem	53
S. Izumi : Some trigonometrical series X	69
S. Izumi : Some trigonometrical series XI	73
H. Suzuki : A product in homotopy theory	78
M. Fukamiya, Y. Misonou and Z. Takeda : On order and commutativity of B^* -algebras	89
