Miyazaki, H. : The cohomotopy and uniform cohomotopy groups 83
Noguchi, H. : On isotopy. 1. 104
Nakamura, M. and Takeda, Z. : Normal states of commutative operator algebras 109
Sasayama, H. : On the generalized invariant differential form on manifolds with general connection 122
Kuniyoshi, H. and Shuichi Takahashi: On the principal genus theorem··· 128
Riley, J. D. : Contributions to the theory of functions of a bicomplex variable 132
Ohkuma, T. : On certain system of orthogonal step functions (1) 166
Takahashi, S. : Dimension of compact groups and their representations····· 178
Tsuji, M. : On covering surfaces of a closed Riemann surface of genus $p \geqq 2$ 185
Sunouchi, G. : Correction : Tauberian theorems for Riemann summability··· 189
Nakamura, M., Takeda, Z. and Turumaru, T. : On some extended principal axis theorems for completely continuous operators 190
Yano, S. : A remark on absolute Cesàro summability of Fourier series····· 194
Yano, S. : Cesàro summability of Fourier series 196
Sunouchi, G. : Cesàro summability of Fourier series 198
Terada, F. : A note on the principal genus theorem..... 211
