

THE INSTITUTE OF MATHEMATICAL STATISTICS

Application for Junior Membership

Date _____

I am an undergraduate and hereby apply for Junior Membership in the
Institute of Mathematical Statistics.

Signature _____

Name _____
(Please print)

Mailing Address _____

College or University _____

Sponsored by: _____

Applications and dues should be mailed to

EDWIN G. OLDS, *Treasurer*

Carnegie Institute of Technology
Pittsburgh, Pennsylvania

MATHEMATICAL REVIEWS

offers

*prompt review of the mathematical literature of the world
complete subject and author indices in last issue of volume
microfilm or photoprints of most articles reviewed (at cost)*

at the very low rate of \$13 per year.

Publication of this journal is sponsored by the American Mathematical Society,
Mathematical Association of America, London Mathematical Society, Academia
Nacional de Ciencias de Lima, Union Matematica Argentina and others.

Send subscription order or request for sample copy to

AMERICAN MATHEMATICAL SOCIETY
531 West 116th Street, New York City

JOURNAL OF THE AMERICAN STATISTICAL ASSOCIATION

DECEMBER, 1942 · \$1.50 PER COPY · \$6.00 PER ANNUM · VOL. 37 · No. 220

Cost of Living Indexes in Wartime

FAITH M. WILLIAMS, FRANCES R. RICE and EMIL D. SCHELL

BIOMETRIKA

A Journal for the Statistical Study of Biological Problems

Vol. XXXII, Parts III and IV

CONTENTS

I. Medical statistics from Graunt to Farr. Part II. By MAJOR GREENWOOD.
II. Moments of the distributions of powers and products of normal variates. By J. B. S. HALDANE. III. The transformation of data from entomological field experiments so that the analysis of variance becomes applicable. By GEOFFREY BEALL. With three Figures in the Text. IV. Interpolation for fresh probability levels between the standard table levels of a function. By J. B. SIMAIKA. With four Figures in the Text. V. Partial rank correlation. By M. G. KENDALL. VI. Inequalities for multivariate frequency distributions. By C. E. V. LESER. With one Figure in the Text. VII. The mode and median of a nearly normal distribution with given cumulants. By J. B. S. HALDANE. VIII. Table of percentage points of the t -distribution. By MAXINE MERRINGTON. IX. The probability integral of the range in samples of n observations from a normal population: (a) Foreword and tables. By E. S. PEARSON. (b) Numerical evaluation of the probability integral. By H. O. HARTLEY. X. Notes on testing statistical hypotheses. By E. S. PEARSON. With two Figures in the Text. XI. Simple tests for given hypotheses. By E. J. GUMBEL. With one Figure in the Text. XII. The range in random samples. By H. O. HARTLEY.

Miscellanea: (i) Review of *The Second Yearbook of Research and Statistical Methodology Books and Reviews*. Edited by OSCAR KRISSEN BUROS.

The subscription price, *payable in advance*, is 45s. inland, 54s. export (per volume including postage). Cheques should be drawn to Biometrika and sent to "The Secretary, Biometrika Office, Department of Statistics, University College, London, W.C. 1." All foreign cheques must be in sterling and on a bank having a London agency.

SANKHYĀ

The Indian Journal of Statistics

Edited by P. C. Mahalanobis

VOL. 5, PART 4, 1941

Articles on Theoretical Statistics

On Complete Sets of Latin Squares.....R. C. BOSE AND K. R. NAIR

Distribution of Student's 't' and the Correlation Coefficient in Samples from Non-normal Population.....A. N. KRISHNAN NAIR

Moments of the D^2 -statistic for Populations with Unequal Dispersions

D. P. BHATTACHARYYA AND RAM DEVA NARAYAN

A Note on Nested Sampling.....MOHANLAL GANGULI

Articles in Economic and Business Statistics and book reviews are also included.

Annual subscription rate: 20 rupees (or 32 shillings)

Inquiries and orders may be addressed to the Editor,
Sankhyā, Presidency College, Calcutta, India.

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS FOR 1943

President:

CECIL C. CRAIG, University of Michigan, Ann Arbor, Michigan

Vice-Presidents:

W. E. DEMING, Bureau of the Census, Washington

A. WALD, Columbia University, New York

Secretary-Treasurer:

E. G. OLDS, Carnegie Institute of Technology, Pittsburgh, Pa.

The purpose of the Institute of Mathematical Statistics is to stimulate research in the mathematical theory of statistics and to promote coöperation between the field of pure research and the fields of application.

Membership dues including subscription to the *ANNALS OF MATHEMATICAL STATISTICS* are \$5.00 per year. The dues and inquiries regarding membership in the Institute should be sent to the Secretary-Treasurer of the Institute.

ANNOUNCEMENT OF MAY MEETING IN NEW YORK

There will be a joint meeting between the Institute and the American Society of Mechanical Engineers on Saturday, May 29, 1943 at the Engineering Societies Building, 29 West 39th Street, New York City. The meeting will be devoted to *Industrial Applications of Statistics*. The principal speakers will be H. F. Dodge, C. Eisenhart, J. Wolfowitz, and L. C. Young.

ANNOUNCEMENT OF JUNE MEETING IN WASHINGTON

A meeting of the Institute will be held in Washington, D. C., on Thursday and Friday evenings, June 17 and 18, 1943, in Room 102 of the Hall of Government of George Washington University. The topic for discussion at the June 17 session will be *Some Recent Developments in Statistical Methods*, and the topic for the June 18 session will be *Some Recent Developments in the Application of Statistical Methods*. The following speakers will participate in these two sessions: H. Bellinson, M. A. Girshick, M. H. Hansen, W. A. Hendricks, W. N. Hurwitz, A. J. King, W. G. Madow, and H. W. Norton.
