MISCRLL	AFRA:	
	Review of Paul Harrer's Tabellon für alle statistische Zwecke in Wissenschaft und	
	Practis. By F. Garwood	469-470

The publication of a paper in Biometrika marks that in the Editors' epision it contains aither in method or material ething of interest to Biometricians. But the Editors desire it to be distinctly understood that such gublication does

something of interest to Biometricians. But the Editors desire it to be distinctly understood that such publication does not mark assest to the arguments used or to the conclusions drawn in the paper.

A volume of Biometrika containing about 400 pages, with plates and tables, is issued annually.

Papers for publication and books and offprints for notice should be sent to Dr. Kan. Pannous, University College, Lendon. It is a condition of publication in Biometrika that the paper shall not already new been inspeed electrhers, and will not be reprinted without leave of the Editors. It is very desirable that a copy of all measurements made, not necessarily for publication, should accompany each manuscript. In all cases the papers themselves should contain not early the calculated constants, but the distributions from which they have been deduced. Disgrams and drawings should be sunt in a state suitable for direct photographic reproduction, and if on decimal paper it should be Nuc ruled, and the lettering only pencilled.

Papers will be accepted in French, Italian or German. In the last case the manu-German characters.

German characters.

Contributors receive 25 copies of their papers free. Joint authors 15 copies each. Fifty additional copies may be had on payment of 17!- per sheet of eight pages, or part of a sheet of eight pages, with an extra charge for Plates; these should be ordered when the final proof is returned.

The subscription price, psyshis in advance, is 45c. net per volume: single issues 24c. net (including postage) for Great Britain, and 54c. net abroad (including packing and postage). Owing to the scarcity of early volumes, the following rates must now be charged for complete sets. Vols. I—XXV, including XXV: Inland, bound in buckram £106, in wrappers £26 net; abroad £124. 15c. in buckram, £114. 15c. in wrappers. Becent volumes may still be obtained at wrapper prices. Standard backram cases with Darwin block, price 2c. 6d. +6d. postage per volume. Index to Vols. I to V, 2c. net. Index to Vols. I to XV, 7c. 6d. net. Cheques must be made psyable to Dr Karl Pearson and sent to The Secretary, Signetrika Office, Scological Laboratory, University College, London, W.O. I, to whom all orders for restary. Scontints of the addressed. All cheques must be properly stamped and should be crossed "Biometrika Accessat." Be foreign chaques can be accepted unless they are drawn in sterling, properly stamped, and psyable at a London agency.
