

Table of contents of the Bernoulli journal 02/04, 1996

Excess functions and estimation of the extreme-value index;

*Authors: Jan Beirlant, Petra Vynckier and Josef L. Teugels*; pages: 293-318

Prediction and asymptotics;

*Authors: O.E. Barndorff-Nielsen and David R. Cox*; pages: 319-340

Exponential convergence of Langevin istrbutios and their discrete approximations;

*Authors: Gareth O. Roberts and Richard L. Tweedie*; pages: 341-363

Classes of mixing stable processes;

*Authors: Jan Rosinski and Gennady Samorodnitsky*; pages: 365-377
