# CORRECTION TO THE PAPER
# "ON A RENEWAL THEOREM"

By Hidenori Morimura

In the previous paper "On a renewal theorem" (Kōdai Math. Sem. Rep. 8 (1956), 125–133), two corrections should be made.

**1.** After Lemma 4, $v'$ should be replaced by $v$, and (3.28) should be corrected as

$$\lim_{s\to\infty} \frac{m\varphi(s)+\varphi'(s)}{s} = \lim_{s\to 0} \frac{\varphi'(s)-\varphi'(0)-s\{\varphi'(0)\}^2}{s} = v.$$

**2.** In (4.1), $-h/2$ should be corrected as $+h/2$. There are similar mistakes in (4.8) and (4.16).
