ERRATA

Shirota, T.: A Theorem with Respect to the Unique Continuation for a Parabolic Differential Equation.

12 (1960), 377-386.

p. 377, line 5: ${}^{\prime}L - \frac{\partial}{\partial t}{}^{\prime\prime}$ should read ${}^{\prime\prime}L + \frac{\partial}{\partial t}{}^{\prime\prime}$. p. 379, line 12: ${}^{\prime\prime}(\beta > \gamma){}^{\prime\prime}$ should read ${}^{\prime\prime}(\beta > 1){}^{\prime\prime}$ p. 380, line 14: ${}^{\prime\prime}Lz^{(1)}{}^{\prime\prime}$ should read ${}^{\prime\prime}L^{(1)}z{}^{\prime\prime}$ p. 380, line 15: ${}^{\prime\prime}Lz^{(2)}{}^{\prime\prime}$ should read ${}^{\prime\prime}L^{(2)}z{}^{\prime\prime}$ p. 383, line 1: ${}^{\prime\prime}C_4r{}^{\prime\prime}$ should read ${}^{\prime\prime}C_4r{}^{2}{}^{\prime\prime}$ p. 386, Added in proof. line 2: ${}^{\prime\prime}a_{ij|x_l|t}{}^{\prime\prime}$ should read ${}^{\prime\prime}a_{ij|x_l|x_k}$ and $a_{ij|x_l|t}{}^{\prime\prime}$.
