

Errata

Vol. 6, no. 3 (July 1996)

p. 331: ll. 7-5 from bottom:

change: And the fixed-point results come in several types, including not only garden-variety and even higher-order versions.

to: And the fixed-point results come in several types, including not only garden-variety and uniform versions as above, but also — a long-standing specialty of Smullyan's — double and even higher-order versions.
