

STATISTICAL MANIFOLDS  
Steffen L. Lauritzen\*

1. Introduction . . . . .	165
2. Some Differential Geometric Background . . . . .	167
3. The Differential Geometry of Statistical Models . . . . .	177
4. Statistical Manifolds . . . . .	179
5. The Univariate Gaussian Manifold . . . . .	190
6. The Inverse Gaussian Manifold . . . . .	198
7. The Gamma Manifold . . . . .	203
8. Two Special Manifolds . . . . .	206
9. Discussion and Unsolved Problems . . . . .	212
10. References . . . . .	215
