Preface	v
Introduction	1
1 Geometric Structures	5
1.1 Geometry of surfaces	6
1.2 Geometry of 3-manifolds	7
1.3 Thurston's eight geometries	8
1.4 Developing map and holonomy	9
1.5 Evidence for the Geometrization Conjecture	11
1.6 Geometric structures on 3-manifolds with symmetry	14
1.7 Some 3-manifolds with symmetry	15
1.8 3-manifolds as branched coverings	18
2 Orbifolds	21
2.1 Orbifold definitions	21
2.2 Local structure	24
2.3 Orbifold coverings	27
2.4 Orbifold Euler characteristic	29
2.5 Geometric structures on orbifolds	30
2.6 Some geometric 3-orbifolds	34
2.7 Orbifold fibrations	37
2.8 Orbifold Seifert fibre spaces	39
2.9 Suborbifolds	46
2.10 Spherical decomposition for orbifolds	47
2.11 Euclidean decomposition for orbifolds	48
2.12 Graph orbifolds	49
2.13 The Orbifold Theorem	50
