

## NEWS AND NOTICES

*Readers are invited to submit to the Treasurer of the Institute items of interest*

### Personal Items

On a recent trip to Europe, Dr. Leo A. Aroian gave lectures on "A New Method in Sequential Analysis" at the Center of Applied Mathematics, Lisbon, Portugal, at the Institute for Higher Studies in Madrid, and at the University of Rome, in Italy.

Professor Ulf Grenander of the University of Stockholm has joined the Division of Applied Mathematics of Brown University as Professor of Probability Theory and Mathematical Statistics.

E. J. Gumbel, Adjunct Professor of Industrial and Management Engineering, Columbia University, and a Fellow of the Institute of Mathematical Statistics, died September 1966

### New Members

**Agnew, Robert A.**, B.S., (Cornell University); Graduate Student, Industrial Engineering Department, Northwestern University.

**Al-Ghurabi, Saleem I.**, M.S., (University of Oregon); Demonstrator, Department of Mathematics, University of Baghdad.

**Beatty, Richard L.**, Ph.D., (University of Toronto); Assistant Professor, York University.

**Brown, Charles C.**, M.S., (Stanford University); Graduate Student, George Washington University.

**Chang, Ching-I**, B.S., (Taiwan Provincial Cheng Kung University); Graduate Student, Department of Statistics and Probability, Michigan State University.

**Drumm, Roger L.**, B.A., (University of Rochester); Editor, Addison-Wesley Publishing Co., Inc., Reading, Massachusetts.

**Enslein, Kurt**, B.S.E., (Lycee Janson deSailly, France); Consultant, 42 East Avenue, Rochester, New York.

**Ericson, Ragnar**, B.A., (University of Lund); Graduate Student, Department of Mathematics, University of Lund.

**Fritz, Richard Allen**, B.A., (Knox College); Graduate Student, Department of Statistics and Probability, Michigan State University.

**Grosh, Doris**, M.S., (Kansas State University); Graduate Student, Department of Statistics, Kansas State University.

**Guthery, Scott Bates**, M.A., (Miami University, Ohio); Graduate Student, Department of Probability and Statistics, Michigan State University.

**Heiderscheid, Leo T.**, B.S., (Loras College); Graduate Student, Department of Statistics, University of Missouri.

**Hildebrand, David K.**, Ph.D., (Carnegie Institute of Technology); Assistant Professor, Department of Statistics, University of Pennsylvania.

**Jones, Wayne H.**, M.S., (University of Chicago); Mathematician, Department of Defense, Fort Meade, Maryland; *6621 Billings Drive, Annandale, Virginia.*

**Krantz, David R.**, B.S., (Whitworth College); Graduate Student, Department of Mathematics, University of Washington.

**Lientz, Beverly P. (Mr.)**, M.S., (University of Washington); Graduate Student, Department of Mathematics, University of Washington.

- Mantel, Heinrich**, Diploma in Mathematics, (State University, V. Babej, Cluj); Graduate Student, Department of Mathematics, Wayne State University.
- Millar, P. Warwick, M.S.**, (University of Illinois); Graduate Student Department of Mathematics, University of Illinois.
- Rogers, J. Scott, M.S.**, (Stanford University); Graduate Student, Operations Research, Stanford University.
- Romer, Marian J., B.S.**, (Case Institute of Technology); Graduate Student, University of Iowa.
- Scheidt, John K., B.S.**, (University of Dayton); Graduate Student, Department of Statistics and Probability, Michigan State University.
- Tang, Ju-Ming, B.A.**, (National Taiwan University); Graduate Student, Department of Statistics, University of Missouri.
- Tetreault, Florence Gertrude, Ph.D.**, (Iowa State University); Associate Professor, University of Detroit.
- Williams, Britain J., III, Ph.D.**, (University of Georgia); Data Reduction Analyst, R.C.A. Service Co., Patrick Air Force Base, Florida.
- Yakowitz, Sidney J., Ph.D.**, (Arizona State University); Assistant Professor, Department of Systems Engineering, University of Arizona.
- Yeh, George S. L., B.S.**, (Chang-Kung University, Taiwan); Graduate Student, Brigham Young University.

### STOCHASTIC OPTIMIZATION AND CONTROL

An Advanced Seminar on "Stochastic Optimization and Control Procedures" will be held at the Mathematics Research Center, U. S. Army, University of Wisconsin, Madison, Wisconsin during October 2-4, 1967. The proceedings will be published.

For further information please write to Professor Herman F. Karreman, Mathematics Research Center, University of Wisconsin, Madison, Wisconsin 53706.
