

SUT JOURNAL OF MATHEMATICS

Volume 57, Number 1

June 2021

CONTENTS

Ryota Okano:

Theta functions of binary quadratic forms with congruence conditions as
ray class theta functions 1

Fumihito Abe and Keiichi Kato:

H^s wave front set for Schrödinger equations with sub-quadratic potential
..... 17

Nobukatsu Watanabe:

Slash indecomposability of Brauer-friendly modules 35

Koji Chinen and Yuki Imamura:

On the Riemann hypothesis for self-dual weight enumerators of genera three
and four 55

Hisakazu Shindoh:

A note on the spectrum of a bounded operator on a complex interpolation
space 77
