THE AMERICAN STATISTICAL ASSOCIATION

announces the publication of two new monographs:

Statistical Problems of the Kinsey Report

by COCHRAN, MOSTELLER and TUKEY. The evaluation of the statistical methodology used by Kinsey and his associates in their first volume. This study was requested by the Committee for Research in the Problems of Sex of the National Research Council, which is sponsoring Dr. Kinsey's work. The contents include Statistical Problems of the Kinsey Report, Discussion of comments by Selected Technical Reviewers, Comparison with Other Studies, Proposed Further Work, Probability Sampling Considerations, The Interview and The Office, Desirable Accuracy, Principles of Sampling.

The monograph contains 331 pages, plus a foreword, preface and index; bound in blue buckram; $3.00 to ASA members; $5.00 to others.

Proceedings of the Business and Economics Statistics Section.

The papers given at the sessions sponsored by the Business and Economics Statistics Section at the Annual Meeting of the American Statistical Association in Montreal in September 1954. This volume contains papers on Pension Funds, Business Outlook, International Payments, Consumer Survey Data, Forecasting, Employment and Unemployment Statistics, Stock Market, Government Statistics, Measurement of Saving and Investment, Mobilization, Productivity.

Approximately 250 pages, paper bound. Price $2.00 to ASA members; $3.00 to others.

Copies may be ordered directly from the AMERICAN STATISTICAL ASSOCIATION, 1108 Sixteenth Street, N. W., Washington 6, D. C.

Institute of Mathematical Statistics is collaborating with JSTOR to digitize, preserve, and extend access to *The Annals of Mathematical Statistics.*

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS FOR 1955

President:

Henry Scheffé, University of California, Berkeley, California

President-Elect:

David Blackwell, University of California, Berkeley, California

Secretary:

G. E. Nicholson, University of North Carolina, Chapel Hill, North Carolina

Treasurer:

A. H. Bowker, Stanford University, Stanford, California

Editor:

From August 1, 1955: T. E. Harris, The RAND Corporation, 1700 Main Street, Santa Monica, California

The purpose of the Institute of Mathematical Statistics is to encourage the development, dissemination, and application of mathematical statistics.

Membership dues including a subscription to the ANNALS OF MATHEMATICAL STATISTICS are $10.00 per year for residents of the United States or Canada and $5.00 per year for residents of other countries. There are special rates for students and for some other classes of members. Inquiries regarding membership in the Institute should be sent to the Secretary of the Institute.

MEETINGS OF THE INSTITUTE

TENTATIVE SCHEDULE

ANNUAL MEETING—NEW YORK, NEW YORK

December 27–30, 1955

To be held in conjunction with meetings of the American Statistical Association and others.

(Abstracts of contributed papers must be submitted in duplicate at least 43 days before the opening day of the meeting at which the paper is to be presented. Abstract blanks may be obtained from the Secretary.)
