A. H. Bowker, Treasurer.  
These addresses should be used for communications concerning subscriptions, back numbers, payment of dues, etc.
- Secretary's Office** Department of Mathematics, Michigan State College, East Lansing, Mich.  
K. J. Arnold, Secretary  
*To June 30, 1955*  
From July 1, 1955  
Department of Statistics, University of North Carolina, Chapel Hill, N. C.  
George E. Nicholson, Jr., Secretary  
These addresses should be used for communications concerning membership, changes of address, etc. Changes of address which are to become effective for a given issue of the *Annals* should be reported to the Secretary on or before the 10th of the month preceding the month of issue.
- Editorial Office** Statistical Laboratory, University of California, Berkeley 4, Cal.  
E. L. Lehmann, Editor  
Manuscripts should be submitted to this address; each manuscript should be typewritten, double-spaced with wide margins, and the original copy should be submitted (preferably with one additional copy). Dittoed and mimeographed papers are acceptable if they are completely legible and printed on paper that will take corrections. Footnotes should be reduced to a minimum and whenever possible replaced by a bibliography at the end of the paper; formulae in footnotes should be avoided. Figures, charts, and diagrams should be professionally drawn on plain white paper or tracing cloth in black India ink twice the size they are to be printed. Authors are requested to keep in mind typographical difficulties of complicated mathematical formulae. Authors will ordinarily receive only galley proofs. Fifty reprints without covers will be furnished free. Additional reprints and covers furnished at cost.
- Subscription Prices** Current issues are \$12 per volume (four issues of one calendar year) in the U. S. and Canada, \$10 per volume elsewhere. Single issues are \$3.50. Back numbers are \$12 per volume, \$3.50 per issue, \$200 for the first 25 volumes, \$10 per additional volume purchased at the same time as Volume I through XXV.
