ESTADISTICA

Journal of the Inter American Statistical Institute

Vol. XI, No. 40 September 1953

Contents

Las Estadísticas del Turismo: Problemas Básicos y Situación en los Países Americanos
ALBERTO VESPRÉMY BANGHA

A National Identity Registration System to Synthesize Social Statistics
HALBERT L. DUNN

Métodos y Problemas del Primer Censo de Comercio e Industrias de Costa Rica, 1950–1951 ..... WILBURG JIMÉNEZ CASTRO

El Indice Canadiense de Precios al Consumidor (Traducción)
DOMINION BUREAU OF STATISTICS

Special Vegetable Surveys in the New York City Market Area ..... IRVIN HOLMES

Nuevos Procedimientos Censales en el Canadá (Traducción) ..... NATHAN KEYFITZ

La Estadística como una Carrera ..... HOWARD L. JONES Y HARRY V. ROBERTS

Los Censos Industriales en la Naciones Americanas ..... ROSE W. BURTON

Computing Charts for Social Security Benefits—Esquemas de Computación para los Beneficios de la Seguridad Social ..... EUGENE A. RASOR

Center of Population of the United States, 1950—Centro de Población de los Estados Unidos, 1950 ..... U. S. BUREAU OF THE CENSUS

Institute Affairs Statistical News Publications

Published quarterly; annual subscription price $3.00 (U.S.); single copies $1.00 (U.S.)

JOURNAL OF THE AMERICAN STATISTICAL ASSOCIATION

1108 16th St., N.W. Washington 6, D. C. **December, 1953 VOL. 48 NO. 264**

Recent Advances in Finding Best Operating Conditions ..... R. L. ANDERSON

The Problem of Autocorrelation in Regression Analysis ..... R. L. ANDERSON

Percentage Points of the Incomplete Beta Function ..... ROBERT E. CLARK

Statistical Problems of the Kinsey Report
WILLIAM G. COCHRAN, FREDERICK MOSTELLER, AMD JOHN W. TUKEY

On A Probability Mechanism to Attain Economic Control of the Resultant Error of Response and the Bias of Nonresponse ..... W. EDWARDS DEMING

A Note on Regression When There Is Extraneous Information about One of the Coefficients
J. DURBIN

Census Tracts and Urban Research ..... DONALD L. FOLEY

The Mathematical Basis of the Bean Method of Graphic Multiple Correlation
RICHARD J. FOOTE

A Hollerith Technique for the Solution of Normal Equations
M. J. R. HEALY AND G. V. DYKE

The Inventory Problem ..... SEBASTIAN LITTAUER

Truncated Poisson Distributions ..... PAUL R. RIDER

Effect of Weighting by Card-Duplication on Efficiency of Survey Results ..... IRVING ROSHWALB

Tables of Expected Values of 1/X for Positive Bernoulli and Poisson Variables
EDWIN L. GRAB AND I. RICHARD SAVAGE

Bibliography of Nonparametric Statistics and Related Topics ..... I. RICHARD SAVAGE

The Use of Runs to Control the Mean in Quality Control ..... H. WEILER

ASA

THE AMERICAN STATISTICAL ASSOCIATION INVITES AS MEMBERS ALL PERSONS INTERESTED IN:

1. Development of new theory and method
2. Improvement of basic statistical data
3. Application of statistical methods to practical problems.

Institute of Mathematical Statistics is collaborating with JSTOR to digitize, preserve, and extend access to *The Annals of Mathematical Statistics.* www.jstor.org

ECONOMETRICA

Journal of the Econometric Society
Contents of Vol. 21, No. 4 - October, 1953

M. ALLAIS....Le Comportement de l'Homme Rationnel devant le Risque: Critique des Postulats et Axiomes de l'Ecole Americaine

KARL A. FOX....A Spatial Equilibrium Model of the Livestock-Feed Economy in the United States

WALTER D. FISHER
On a Pooling Problem from the Statistical Decision Viewpoint

A. DVORETZKY, J. KIEFER, AND J. WOLFOWITZ
On the Optimal Character of the (s,S) Policy in Inventory Theory

The Econometric Society is an international society for the advancement of economic theory in its relation to statistics and mathematics.

Subscriptions to *Econometrica* and inquiries about the work of the Society and the procedure in applying for membership should be addressed to Rossen L. Cardwell, Secretary, The Econometric Society, The University of Chicago, Chicago 37, Illinois, U. S. A.

BIOMETRIKA

Volume 40 — Contents — Parts 3 and 4, December 1953

The population frequencies of species and the estimation of population parameters. By I. J. GOOD. Capture-recapture analysis. By J. M. HAMMERSLEY. The use of chain-binomials with a variable chance of infection for the analysis of intra-household epidemics. By NORMAN T. J. BAILEY. Spread of diseases in a rectangular plantation with vacancies. By G. H. FREEMAN. Tests of significance for concurrent regression lines. By E. J. WILLIAMS. Approximate confidence intervals. II. More than one unknown parameter. By M. S. BARTLETT. Non-normality and tests on variances. By G. E. P. BOX. Approximating to the distributions of measures of dispersion by a power of χ^2. By J. H. CADWELL. The power function of some tests based on range. By H. A. DAVID. Some simple approximate tests for Poisson variates. By D. R. COX. Orthogonal polynomial fitting. By JOHN WISHART and THEOCHARIS METAKIDES. Population differences between species growing according to simple birth and death processes. By J. H. DARWIN. Modifications to the variate-difference method. By M. H. QUENOUILLE. Moments of the rank correlation coefficient τ in the general case. By R. M. SUNDRUM. 99.9% and 0.1% points of the χ^2-distribution. By T. LEWIS. Tables of Symmetric Functions, Part IV. By F. N. DAVID and M. G. KENDALL. Some procedures for comparing Poisson processes or populations. By ALLAN BIRNBAUM. Scale factors and degrees of freedom for small sample sizes for χ-approximation to the range. By GEORGE WM. THOMSON. The third moment of Gini's mean difference. By A. R. KAMAT. A method of systematic sampling based on order properties. By R. M. SUNDRUM. A note on ordered least-squares estimation. By F. DOWNTON

The subscription price, *payable in advance*, is 45s. inland, 54s. export (per volume including postage). Cheques should be drawn to Biometrika and sent to "The Secretary, Biometrika Office, Department of Statistics, University College, London, W.C. 1." All foreign cheques must be in sterling and drawn on a bank having a London agency.

MATHEMATICAL REVIEWS

A journal containing reviews of the mathematical literature of the world, with full subject and author indices

Publication of this journal is sponsored by the American Mathematical Society, Mathematical Association of America, Institute of Mathematical Statistics, London Mathematical Society, Edinburgh Mathematical Society, Union Matematica Argentina, and others.

Subscriptions accepted to cover the calendar year only.
Issues appear monthly except July. $20.00 per year.

Send subscription order or request for sample copy to

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS FOR 1954

President:
E. G. Olds, Carnegie Institute of Technology, Pittsburgh, Pennsylvania

President-Elect:
Henry Scheffé, University of California, Berkeley, California

Secretary-Treasurer:
K. J. Arnold, Michigan State College, East Lansing, Michigan

Editor:
E. L. Lehmann, University of California, Berkeley, California

The purpose of the Institute of Mathematical Statistics is to stimulate research in the mathematical theory of statistics and to promote cooperation between the field of pure research and the fields of application.

Membership dues including subscription to the ANNALS OF MATHEMATICAL STATISTICS are $10.00 per year within the United States and Canada and $5.00 per year elsewhere. Dues and inquiries regarding membership in the Institute should be sent to the Secretary-Treasurer of the Institute.

MEETINGS OF THE INSTITUTE

WESTERN REGIONAL MEETING—PASADENA, CALIFORNIA
June 18–19, 1954.

To be held in conjunction with meetings of the Econometric Society and the Biometric Society (WNAR). Abstracts of contributed papers to be presented at this meeting must be in the hands of Program Chairman T. E. Harris, The RAND Corporation, Santa Monica, California by May 6, 1954.

SUMMER MEETING—MONTREAL, P.Q.
September 10–13, 1954.

To be held in conjunction with meetings of the American Statistical Association and the Econometric Society. Abstracts of contributed papers to be presented at this meeting must be in the hands of Associate Secretary Lionel Weiss, Department of Economics, University of Virginia, Charlottesville, Virginia by July 29, 1954.

ANNUAL MEETING—BERKELEY, CALIFORNIA
December, 1954.

To be held in conjunction with meetings of the American Association for the Advancement of Science and the Biometric Society, (WNAR.)

(Abstracts of contributed papers must be submitted in duplicate at least 43 days before the opening day of the meeting at which the paper is to be presented. Abstract blanks may be obtained from the Secretary.)
