

THE ANNALS *of* MATHEMATICAL STATISTICS

FOUNDED AND EDITED BY H. C. CARVER, 1930-1938
EDITED BY S. S. WILKS, 1938-1949

THE OFFICIAL JOURNAL OF THE INSTITUTE
OF MATHEMATICAL STATISTICS

Contents

	PAGE
Fundamental Limit Theorems of Probability Theory. M. LOÈVE	321
A Random Variable Related to the Spacing of Sample Values. B. SHERMAN	339
On a Problem in the Theory of k Populations. RAGHU RAJ BAHADUR.....	362
Completeness in the Sequential Case. E. L. LEHMANN AND CHARLES STEIN	376
Some Estimates and Tests Based on the r Smallest Values in a Sample. JOHN E. WALSH.....	386
On the Relative Efficiencies of BAN Estimates. LEO KATZ.....	398
Unbiased Estimates with Minimum Variance. CHARLES STEIN.....	406
Distribution of Maximum and Minimum Frequencies in a Sample Drawn from a Multinomial Distribution. ROBERT E. GREENWOOD AND MARK O. GLASGOW.....	416
Derivation of a Broad Class of Consistent Estimates. R. C. DAVIS.....	425
Distribution of the Sum of Roots of a Determinantal Equation Under a Certain Condition. D. N. NANDA.....	432
 Notes:	
A Note on the Power of a Non-Parametric Test. F. J. MASSEY, JR.....	440
On Optimum Selections from Multinormal Populations. Z. W. BIRNBAUM AND D. G. CHAPMAN.....	443
The Distribution of Distance in a Hypersphere. J. M. HAMMERSLEY...	447
A Note on the Asymptotic Simultaneous Distribution of the Sample Median and the Mean Deviation from the Sample Median. R. K. ZEIGLER.....	452
Note on the Extension of Craig's Theorem to Non-Central Variates. OSMER CARPENTER.....	455
A Second Formula for the Partial Sum of Hypergeometric Series Having Unity as the Fourth Argument. HERMANN VON SCHELLING.....	458
Abstracts of Papers.....	461
News and Notices.....	462
Report of the Chicago Meeting of the Institute.....	467

Vol. 21, No. 3 — September, 1950

Published quarterly by the Institute of Mathematical Statistics in March, June, September and December at Baltimore, Maryland.*

INSTITUTE OF MATHEMATICAL STATISTICS

**General
Office:**

Business Administration Building, University of Michigan,
Ann Arbor, Michigan

C. H. Fischer, Secretary-Treasurer

This address should be used for all communications concerning membership, subscriptions, changes of address, back numbers, etc., but *not* for editorial correspondence. Changes in mailing address which are to become effective for a given issue should be reported to the Secretary on or before the 15th of the month preceding the month of that issue.

**Editorial
Office:**

Department of Mathematical Statistics, Columbia University,
New York 27, New York

T. W. Anderson, Editor

Manuscripts should be submitted to this address; each manuscript should be typewritten, double-spaced with wide margins, and the original copy should be submitted (preferably with one additional copy). Footnotes should be reduced to a minimum and whenever possible replaced by a bibliography at the end of the paper; formulae in footnotes should be avoided. Figures, charts, and diagrams should be professionally drawn on plain white paper or tracing cloth in black India ink twice the size they are to be printed. Authors are requested to keep in mind typographical difficulties of complicated mathematical formulae.

Authors will ordinarily receive only galley proofs. Fifty reprints without covers will be furnished free. Additional reprints and covers furnished at cost.

**Subscription
Price:**

\$10.00 per year inside the Western Hemisphere; \$5.00 elsewhere. Single issues \$3.00. Back numbers are available at \$10.00 per volume or \$3.00 per single issue.

COMPOSED AND PRINTED AT THE
WAVERLY PRESS, INC., BALTIMORE, MARYLAND, U. S. A.

Entered as second-class matter at the Post Office at Baltimore, Maryland, under the act of March 3, 1879.
