MATHEMATICAL REVIEWS

offers

prompt review of the mathematical literature of the world complete subject and author indices in last issue of volume microfilm or photoprints of most articles reviewed (at cost)

at the very low rate of \$13 per year.

Publication of this journal is sponsored by the American Mathematical Society, Mathematical Association of America, London Mathematical Society, Academia Nacional de Ciencias de Lima, Union Matematica Argentina and others.

BIOMETRIKA

A Journal for the Statistical Study of Biological Problems

Vol. XXXIII, Part I. April 1943

CONTENTS

Medical statistics from Graunt to Farr (concluded)Major Greenwood		
A study of a series of human skulls from Castle Hill, ScarboroughK. L. LITTLE		
A study of the Chinese humerusT. L. Woo		
Variations in the weights of hatched and unhatched ducks' eggs. J. M. Rendel, with Appendices by J. B. S. Haldane		
The probability integral for two variables		
Tables of percentage points of the inverted beta (F) distribution, with prefatory note by E. S. Pearson.		
Maxine Merrington and Catherine M. Thompson		
Tables of the probability integral of the "studentized" range.		
H. O. HARTLEY AND E. S. PEARSON		
Miscellanea:		
Minimum range for a quasi-normal distribution. R. C. Geary.		
The state of the s		

The subscription price, payable in advance, is 45s. inland, 54s. export (per volume including postage). Cheques should be drawn to Biometrika and sent to "The Secretary, Biometrika Office, Department of Statistics, University College, London, W.C. 1." All foreign cheques must be in sterling and a bank having a London agency.

SANKHYĀ

The Indian Journal of Statistics
Edited by P. C. Mahalanobis

Vol. 5, Part 4, 1941

Articles on Theoretical Statistics

On Complete Sets of Latin Squares	R. C. Bose and K. R. Nair
Distribution of Student's 't' and the Correlation Coefficient Population	
Moments of the D ² -statistic for Populations with Uneq D. P. Bhattachary	ual Dispersions ya and Ram Deva Narayan
A Note on Nested Sampling	Mohanlal Ganguli
Articles in Economic and Business Statistics and book	k reviews are also included.

Annual subscription rate: 20 rupees (or 32 shillings) Inquiries and orders may be addressed to the Editor, Sankhyā, Presidency College, Calcutta, India.

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS FOR 1943

President:

CECIL C. CRAIG, University of Michigan, Ann Arbor, Michigan

Vice-Presidents:

W. E. DEMING, Bureau of the Census, Washington

A. WALD, Columbia University, New York

Secretary-Treasurer:

E. G. Olds, Carnegie Institute of Technology, Pittsburgh, Pa.

The purpose of the Institute of Mathematical Statistics is to stimulate research in the mathematical theory of statistics and to promote coöperation between the field of pure research and the fields of application.

Membership dues including subscription to the Annals of Mathematical Statistics are \$5.00 per year. The dues and inquiries regarding membership in the Institute should be sent to the Secretary-Treasurer of the Institute.

SUMMER MEETING OF THE INSTITUTE

The Sixth Summer Meeting of the Institute of Mathematical Statistics will be held at Rutgers University, New Brunswick, New Jersey, Sunday and Monday, September 12–13, 1943 in conjunction with meetings of the American Mathematical Society and the Mathematical Association of America.

On Sunday the following program of invited addresses will be given:

Morning Session

- 1. Some New Statistical Applications of Partitioned Matrices and Iterative Methods. By Professor Harold Hotelling.
- 2. On the Construction of Orthogonal Latin Squares. By Dr. H. B. Mann.

Afternoon Session

- 1. Recent Developments in the Statistical Analysis of Problems Requiring the Use of Vector Variates. By Dr. W. G. Madow.
- 2. Statistical Inference when the Form of the Distribution Function is Unknown. By Dr. Henry Scheffé.

On Monday morning the Institute will hold a joint session with the American Mathematical Society on contributed papers. Abstracts (in duplicate) of contributed papers to be read at the Tuesday morning session must be submitted so as to reach the Secretary not later than August 6th.
