ERRATUM, VOLUME 70

Melvin Henriksen and J. R. Isbell, *Averages of continuous functions on countable spaces*, pp. 287–290.

Theorem 1 is essentially a special case of Theorem 3, p. 209 of A. D. Alexandroff's paper *Additive set-functions in abstract spaces*, Mat. Sbornik (N.S.) **13** (**55**) (1943), 169–238. The authors are indebted to E. Granirer for pointing this out.
