JOURNAL OF THE MATHEMATICAL SOCIETY OF JAPAN

This journal is devoted entirely to the publication of original mathematical works. One volume consisting of four numbers is published each year.

Subscription: The annual subscription price is ¥24,000 (¥6,000 for a single copy).

Preparation of manuscripts: Manuscripts for publication must be written in English, French or German and typed with adequate margins. The authors should send three copies of the manuscript to:

The Editorial Committee of the Journal
Mathematical Society of Japan
34-8, Taito 1-chome
Taito-ku, Tokyo 110-0016, Japan

or its pdf or ps file to jmsj@math.or.jp

The authors should keep a copy of the manuscript. Once submitted, the manuscript will not be returned.

We welcome manuscripts prepared in $\text{T}_\text{E}\text{X}$ ($\text{L}^{\text{A}}\text{T}_\text{E}\text{X}$, $\mathcal{A}\mathcal{M}\mathcal{S}\text{-T}_\text{E}\text{X}$, etc.). When papers written in $\text{T}_\text{E}\text{X}$ are accepted, the authors will be requested to send the text file to the editorial board.

Each paper should include a short but informative **Abstract**, and **Key Words and Phrases**, as well as the **2000 Mathematics Subject Classification Numbers** representing the primary and secondary subjects of the article. If the title is long, a shortened version should be supplied for the running heads.

Proofs: Authors receive only one set of proofs for corrections. Joint authors should indicate on the manuscript which of them should receive the proof.
