**THE AMERICAN STATISTICAL ASSOCIATION**

announces the publication of two new monographs:

**Statistical Problems of the Kinsey Report**

by COCHRAN, MOSTELLER and TUKEY. The evaluation of the statistical methodology used by Kinsey and his associates in their first volume. This study was requested by the Committee for Research in the Problems of Sex of the National Research Council, which is sponsoring Dr. Kinsey’s work. The contents include Statistical Problems of the Kinsey Report, Discussion of comments by Selected Technical Reviewers, Comparison with Other Studies, Proposed Further Work, Probability Sampling Considerations, The Interview and The Office, Desirable Accuracy, Principles of Sampling.

The monograph contains 331 pages, plus a foreword, preface and index; bound in blue buckram; $3.00 to ASA members; $5.00 to others.

**Proceedings of the Business and Economics Statistics Section.**

Approximately 250 pages, paper bound. Price $2.00 to ASA members; $3.00 to others.

Copies may be ordered directly from the American Statistical Association, 1108 Sixteenth Street, N. W., Washington 6, D. C.
ECONOMETRICA

Journal of the Econometric Society

Contents of Vol. 23, No. 1 - January, 1955

W. HAMBERGER: ............... The Relation of Consumption to Wealth and the Wage Rate
F. V. WAUGH and G. L. BURROWS: ............... A Short Cut to Linear Programming
D. DURAND: ............... Bank Stocks and the Analysis of Covariance
F. MODigliANI and F. E. HORN: Production Planning Over Time and the Nature of the Expectation and Planning Horizon
D. SARKAR and R. G. LAHA: ............... On a Modification of the Variate-Difference Method
R. BELLMAN: ............... Bottleneck Problems, Functional Equations, and Dynamic Programming
C. HILDRETH: ............... Economic Implications of Some Cotton Fertilizer Experiments

Report on the Pasadena Meeting
Book Reviews, Notes and Announcements

Published Quarterly
Subscription rates available on request

The Econometric Society is an international society for the advancement of economic theory in its relation to statistics and mathematics.

Subscriptions to Econstorics and inquiries about the work of the Society and the procedure in applying for membership should be addressed to Richard Ruggles, Secretary, The Econometric Society, Box 1964, Yale University, New Haven, Connecticut.

BIOMETRIKA

Volume 41

Contents

Parts 3 and 4, December 1954

The Design of an Experiment in which Certain Treatment Arrangements Are Inadmissible. D. R. COX.

The subscription price, payable in advance, is 45s. inland, 54s. export (per volume including postage). Cheques should be drawn to Biometrika and sent to "The Secretary, Biometrika Office, Department of Statistics, University College, London, W.C. 1." All foreign cheques must be in sterling and drawn on a bank having a London agency.
SKANDINAVISK
AKTUARIETIDSSKRIFT
1953 - Parts 3 - 4

Contents

Erik Sparre Andersen.........On Sums of Symmetrically Dependent Random Variables
D. R. Cox and Walter L. Smith.....A Direct Proof of a Fundamental Theorem of Renewal Theory
Gustaf Borelius.........On the Statistical Distribution of Mine Explosions
Bengt Ulén.................An Extremal Problem in Mathematical Statistics
Birger Meidell...............Randbemerkungen zum Landröschen Maximum
Ulf Grenander and Murray Rosenblatt...Comments on Statistical Spectral Analysis
Gunnar Benktander....On the Variation of the Risk Premium with the Dimensions of the House within Fire Insurance

Litteraturanmärkningar
Eksemnen i Forsikringsvidenskab og Statistik ved Københavns Universitet
Tentamensproblem och övningsuppgifter i försäkringsmatematik vid Stockholms Högskola för betyget AB

Översikt av utländska aktuarietidskrifter

Annual subscription: $5.00 per year
Inquiries and orders may be addressed to the Editor.

GRANHÄLLSVÄGEN 35, STOCKSUND, SWEDEN

SANKHYĀ
The Indian Journal of Statistics
Edited by P. C. Mahalanobis

Motosaburo Masuyama......On the Error in Crop Cutting Experiment Due to the Bias on the Border of Grid
P. B. Patnaik.........A Test of Significance of a Difference Between Two Sample Proportions When the Proportions are Very Small
J. Roy.........On Some Tests of Significance in Samples From Bi-Polar Normal Distributions
I. M. Chakravarti......On the Problem of Planning a Multistage Survey for Multiple Correlated Characters

National Sample Survey: Unemployment Survey in Delhi
National Sample Survey: Some Aspects of the Sample Design

Annual Subscription: 30 rupees ($10.00), 10 rupees ($3.50) per issue.
Back Numbers: 45 rupees ($15.00) per volume; 12/8 rupees ($4.50) per issue.
Subscriptions and orders for back numbers should be sent to

STATISTICAL PUBLISHING SOCIETY
204/1 Barrackpore Trunk Road Calcutta 35, India
THE INSTITUTE OF MATHEMATICAL STATISTICS
(Organized September 12, 1935)

OFFICERS FOR 1955

President:
Henry Scheffé, University of California, Berkeley, California

President-Elect:
David Blackwell, University of California, Berkeley, California

Secretary:
From July 1, 1955: G. E. Nicholson, University of North Carolina, Chapel Hill, North Carolina

Treasurer:
From July 1, 1955: A. H. Bowker, Stanford University, Stanford, California

Editor:
E. L. Lehmann, University of California, Berkeley, California

The purpose of the Institute of Mathematical Statistics is to encourage the development, dissemination, and application of mathematical statistics.

Membership dues including a subscription to the ANNALS OF MATHEMATICAL STATISTICS are $10.00 per year for residents of the United States or Canada and $5.00 per year for residents of other countries. There are special rates for students and for some other classes of members. Inquiries regarding membership in the Institute should be sent to the Secretary of the Institute.

---

MEETINGS OF THE INSTITUTE
Tentative Schedule

EASTERN REGIONAL MEETING—CHAPEL HILL, NORTH CAROLINA
April 22-23, 1955
To be held in conjunction with meetings of Biometric Society, ENAR.

WESTERN REGIONAL MEETING—BERKELEY, CALIFORNIA
July or August, 1955
To be held in conjunction with Third Berkeley Symposium.

SUMMER MEETING—ANN ARBOR, MICHIGAN
August 29—September 2, 1955
To be held in conjunction with meetings of American Mathematical Society, Mathematical Association of America and Econometric Society.

ANNUAL MEETING—NEW YORK, NEW YORK
December 27–30, 1955
To be held in conjunction with meetings of the American Statistical Association and others.

(Abstracts of contributed papers must be submitted in duplicate at least 43 days before the opening day of the meeting at which the paper is to be presented. Abstract blanks may be obtained from the Secretary.)
