## ANNUAL MEETING OF THE INSTITUTE

The seventh annual meeting of the Institute will be held in New York City, December 27-31, 1941 in conjunction with the meetings of the Allied Social Science Association. The program will include joint sessions with the American Statistical Association and the Econometric Society. Sessions will also be held for research and expository papers in mathematical statistics.

Abstracts of contributed research papers to be presented should be sent to the Secretary of the Institute not later than November 22, 1941. Each contributed paper will be limited to ten minutes.
