

One member present suggested that one reason for the present large size (and therefore expense) of MATHEMATICAL REVIEWS is the excessive length of many reviews. It was proposed that a length limit might well be put on reviews. President Albert asked the member to refer this to the Editorial Board and Executive Editor of MATHEMATICAL REVIEWS.

The meeting adjourned at 11:40.

THE FEBRUARY MEETING IN NEW YORK

The six hundred twentieth meeting of the American Mathematical Society was held at City College of the City University of New York on February 27, 1965. The registration was 110, including 106 members of the Society.

By invitation of the Committee to Select Hour Speakers for Eastern Sectional Meetings, Professor G. Washnitzer of Princeton University addressed the Society on *Tempered cohomology*. Professor Arthur Sard presided and introduced the speaker.

There were three sessions for twenty one scheduled papers. The chairmen at these sessions were Professors L. S. Kennison, Russell Remage, Jr., and Selby Robinson.
