THE NOVEMBER MEETING IN AUBURN, ALABAMA

The six hundred eighty-ninth meeting of the American Mathematical Society was held at Auburn University in Auburn, Alabama, on Friday and Saturday, November 19–20. There were 450 registrations including 282 members of the Society.

By invitation of the Committee to Select Hour Speakers for the Southeastern Sectional Meetings, hour addresses were given by J. C. Cantrell of the University of Georgia, C. W. McArthur of Florida State University, and J. Neuberger of Emory University. Professor C. H. Edwards introduced Professor Cantrell who talked on *Locally flat embeddings of manifolds.* Professor J. R. Retherford introduced Professor McArthur who talked on *Developments in the theory of Schauder bases,* and Professor Trevor Evans introduced Professor Neuberger who talked on *Quasianalyticity and semigroups.*

Ten sessions for contributed papers were held at 2:30 P.M. on Friday and were chaired by Professors R. H. Martin, R. D. Carmichael, F. T. Howard, H. T. Matthews, D. A. Robinson, N. Heerema, V. Parker, B. Fitzpatrick, H. G. Horne, and J. L. Bryant. There were also ten sessions for contributed papers held on Saturday at 10:15 A.M. These were chaired by Professors J. D. Neff, R. B. Bennett, R. C. Lacher, J. L. Mott, C. M. Bang, R. Gilmer, P. C. Morris, S. Saxon, N. H. Vaughan, and E. C. Young.

A dutch-treat beer party was held Friday evening. Professor L. P. Burton was in charge of local arrangements.
