Editorial

Due to the increased and steady flow of high quality submissions to *Bernoulli* the number of pages per issue is increased to 144 in 1998. Furthermore the number of issues will, on a permanent basis, be increased from four to six from 1999 onwards. Thus from 1999 the journal will appear every two months.

Moreover the editorial board has been expanded by Dimitrii O. Kramkov, Moscow, and Terry P. Speed, Melbourne
