Copyright
Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all coauthors, if any, as well as by the responsible authorities at the institute where the work has been carried out; that, if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher; and that the manuscript will not be published elsewhere in any language without the consent of the copyright holders.
All articles published in this journal are protected by copyright, wich covers the exclusive rights to reproduce and distribute the article (e. g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher.
The use of general descriptive names, trade names, trademarks, etc., in this publikation, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.
While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA:
Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. All fees should be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0010-3616, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.

The Canada Institute for Scientific and Technical Information (CISTI) provides a comprehensive, worldwide document delivery service for all Springer-Verlag journals. For more information, or to place an order for a copyright-cleared Springer-Verlag document, please contact Client Assistant, Document Delivery, Canada Institute for Scientific and Technical Information, Ottawa K1A 0S2, Canada (Tel.: 613-993-9251; Fax: 613-952-8243; e-mail: cisti.docdel@nrc.ca).

Springer

Springer LaTeX and plain-TeX macros

We can use your TeX files directly for phototypesetting if you have used our macros. Makropackages are available for the following journals:

LJour1 LaTeX styles for Acta Informatica, Applicable Algebra in Engineering, Communication and Computing, Archive for Mathematical Logic, Astronomy & Astrophysics Reviews, Calculus of Variations, Communications in Mathematical Physics, Continuum Mechanics and Thermodynamics, Economic Theory, Inventiones mathematicae, Journal of Evolutionary Economics, Journal of Mathematical Biology, Manuscripta mathematica, Mathematische Annalen, Mathematische Semesterberichte, Mathematische Zeitschrift, Numerische Mathematik, Probability Theory and Related Fields, Statistical papers, Theoretica Chimica Acta

PJour1g global plain TeX packages for all journals mentioned above; ***PJour 1*** may also still be used. All packages are available via mailserver, FTP server or on DOS diskettes.

Mailserver

Send an e-mail message to svserv@vax.ntp.springer.de
which must contain one (several) of the following commands:

LJour1 get /tex/latex/ljour1.zip
PJour1g get /tex/plain/pjour1g.zip

In order to be transmitted ungarbled via the net, the files are pkzipped and uunencoded. The line get /tex/help-tex.txt in your e-mail to svserv will send you a file explaining how to unpack the files you receive.
Please do not send regular e-mail to this address.

FTP server

The internet address is 192.129.24.12 (trick.ntp.springer.de) The username is FTP or ANONYMOUS and the files are in the directory /pub/tex

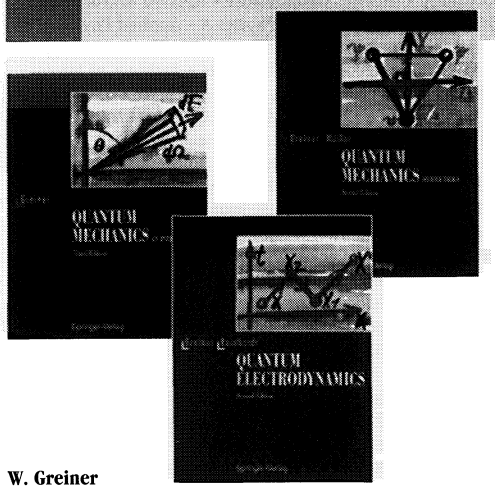
Diskettes

To get the macro files and the AMS fonts (when needed) on 3.5″ DOS diskettes please write to:

Springer-Verlag, Journal Production,
Tiergartenstr. 17
D-69121 Heidelberg, Germany
e-mail: springer@vax.ntp.springer.de
FAX number: x 49 6221 487625

Please indicate clearly which macro package you need and the journal for which your paper is intended.

Use our LaTeX and plain-TeX macros to prepare your article for this and for other Springer journals.



W. Greiner

Quantum Mechanics. An Introduction

Foreword by D.A. Bromley
3rd, corr. ed. 1994. Approx. 400 pp. 57 figs., 87 worked examples and problems Softcover DM 78,-; ISBN 3-540-58079-4

This book lays the foundations for the rest of the course on advanced quantum mechanics and field theory. Starting from black-body radiation, the photoelectric effect, and wave-particle duality, Greiner goes on to discuss the uncertainty relations, spin, and many-body systems; he includes applications to the hydrogen atom and the Stern-Gerlach and Einstein-de Haas experiments. The mathematics of representation theory, S matrices, perturbation theory, eigenvalue problems, and hypergeometric differential equations are presented in detail.

Theoretical Physics - Text and Exercise Books

Volume 3: Relativistic Quantum Mechanics. Wave Equations

Foreword by D.A. Bromley
1st ed. 1990. Corr. 2nd printing 1994. XVI, 345 pp. 62 figs., 89 worked examples and problems. Softcover DM 88,-; ISBN 3-540-50986-0

Relativistic Quantum Mechanics - Wave Equations concentrates mainly on the wave equations for spin-0 and spin-1/2 particles. The extensive presentation of the mathematical tools and the 62 worked examples and problems make this a unique text for an advanced quantum mechanics course.

W. Greiner, B. Müller

Theoretical Physics - Text and Exercise Books

Volume 5: Gauge Theory of Weak Interactions

Foreword by **D.A. Bromley**
1993. XIV, 308 pp. 115 figs., 70 worked examples and problems Softcover DM 102,-; ISBN 3-540-56174-9

Quantum Mechanics. Symmetries

Foreword by **D.A. Bromley**
2nd, corr. ed. 1994. XX, 487 pp. 81 figs., 126 worked examples and problems Softcover DM 88,-; ISBN 3-540-58080-8

After a brief introduction to symmetries in classical mechanics, the text turns to their relevance in quantum mechanics, the consequences of rotation symmetry, and the general theory of Lie groups.

W. Greiner, J. Reinhardt

Quantum Electrodynamics

Foreword by D.A. Bromley
2nd, corr. ed. 1994. XVII, 404 pp. 146 figs., 52 worked examples and exercises Softcover DM 98,-; ISBN 3-540-58092-1

Quantum Electrodynamics is a thorough introductory text providing all necessary mathematical tools together with many examples and worked problems.

W. Greiner, A. Schäfer

Quantum Chromodynamics

Translated from the German by W. Greiner, A. Schäfer
1994. Approx. 450 pp. 80 figs. Softcover DM 98,-; ISBN 3-540-57103-5

Quantum Chromodynamics is a thorough introduction for students in theoretical physics and scientists needing a reference and exercise book in this field. The book presents the necessary mathematical tools together with many examples and worked problems.

Prices are subject to change without notice. In EU countries the local VAT is effective. Customers in EU countries, please state your VAT-Identification-Number if applicable. For information on prices in Austrian schillings and Swiss francs please consult the German book directory "VLB - Verzeichnis lieferbarer Bücher" or our general catalogue

Springer Journals Preview Service

Almost 100 scientific journals are covered by the Springer Journals Preview Service. It provides access to titles from the life sciences, medicine, physics, earth sciences and engineering.

This service offers

Tables of Contents and **BiblioAbstracts** via Internet from our mailserver and our ftp/gopher server (TOCs only)

with

automatic delivery several weeks before you receive the new issue.

Tables of Contents are free of charge; **all** BiblioAbstracts are available for US$ 20,- per year. For details please send an e-mail message containing the line

help

to our mailserver
svjps@vax.ntp.springer.de

For TOCs only via ftp/gopher server
trick.ntp.springer.de

For regular e-mail, please use the address
