NAGOYA
MATHEMATICAL JOURNAL

VOL. 108

December 1987

Edited by

KAZUHIKO AOMOTO, TAKEYUKI HIDA, NOBORU ITO, YOSHIYUKI KITAOKA,
TOMIO KUBOTA (Managing Editor), HIDEYUKI MATSUMURA,
SHIGEFUMI MORI, HISASI MORIKAWA, AKIHIKO MORIMOTO,
KATUZI ONO, YOSHIHIRO SHIKATA, TOSHIKAZU SUNADA,
AKIHIRO TSUCHIYA, KÔSAKU YOSIDA

PUBLISHED BY
DEPARTMENT OF MATHEMATICS, FACULTY OF SCIENCE
NAGOYA UNIVERSITY

Nagoya Mathematical Journal is, in principle, the official organ of the Department of Mathematics, Nagoya University, designed solely for the publication of research papers. However, some invited papers and other original papers in mathematics from all over the world are also regularly published in Nagoya Mathematical Journal. Currently, 4 volumes are published each year.

All manuscripts should be typewritten in English, French, or German with sufficient space between lines, and special letters such as bold-face, German, Greek, and script should be clearly marked. All single letters used in formulas will appear in italic, and mathematical symbols will appear in the standard style usual for mathematical literature. Therefore, it is not required to mark such letters and symbols. Instructions which conflict with the general printing rules of the journal will not be accepted. For example, each paragraph title should appear in bold-face. Good reproductions of a typewritten manuscript are acceptable.

As soon as we receive a manuscript, a receipt will be sent to the author. When a manuscript has been sent to a referee, the author will receive another notice. These receipts and notices, however, do not mean anything regarding the acceptability of the paper for publication. If the editorial committee has decided to accept a paper, the author will receive a notice containing the number of the volume in which the paper will appear.

Each author, as well as each co-author, will have 100 reprints, while only one set of proof will be prepared per paper for proof-reading by the author(s). Therefore, a joint paper must carry instructions as to whom the proof should be sent.

The actual business of the Nagoya Mathematical Journal is performed by the managing editor with the cooperation of editors residing in Nagoya.

The manuscript and general correspondence should be addressed to: Managing editor, Nagoya Mathematical Journal, Department of Mathematics, Faculty of Science, Nagoya University, Chikusa-ku, Nagoya, 464, Japan.

CONTENTS

Fania, M. L., Sato, E. and Sommese, A. J.: On the structure of 4-folds with a hyperplane section which is a P^1 bundle over a surface that fibres over a curve	1
Ueno, K.: On pseudoelliptic systems of first order differential equations	15
Matsuzawa, T.: A calculus approach to hyperfunctions I	53
Saito, K.: Ito's formula and Lévy's Laplacian	67
Barros, M. and Chen, B.-Y.: Spherical submanifolds which are of 2-type via the second standard immersion of the sphere	77
Niwa, S.: The inner product of an automorphic wave form with the pullback of an Eisenstein series	93
Si Si: A note on Lévy's Brownian motion	121
Kamei, M.: Congruences of Ankeny-Artin-Chowla type for pure quartic and septic fields	131
Higuchi, I.: La balayabilité au sens fort des noyau-fonctions continues du potentiel	145
