

# EDITORIAL MESSAGES

By Paul D. Humke and Clifford E. Weil

**Thanks.** The Managing Editors wish to thank Aaron Brakoniecki and Chelsea Walton for their help as assistant managing editors for this issue. Both of these outstanding young people are juniors at Michigan State University. We hope we will have their assistance for at least one more year. In addition, we welcome Janine Dahl to the ranks of assistant managing editors and look forward to a long association.

**Contributors.** We extend our grateful thanks to each of our benefactors, listed below, who contributed to *Real Analysis Exchange* special funds this past year. If your name is not listed, please contact us so we can acknowledge your gift in a future issue. Please see the next page to learn how you can add your name to this distinguished list of friends.

Donna Gibson (in memory of Richard G. Gibson), Michael Schramm,  
and Max Jodeit Jr.

**Advertisements.** Please note the advertisements at the end of each issue. Some promote other Michigan State University Press publications and therefore help support production of our journal, while others may be of interest to readers of the *Real Analysis Exchange*. If you have written a book or have an item of interest to publicize in the Journal, please contact the Michigan State University Press Journals Division.

**Michigan State University Press.** If you are contemplating writing a textbook on a subject in mathematics, or a memoir, please consider using the Michigan State University Press as your publisher. The Michigan State University Press is a non-profit organization affiliated with Michigan State University that offers superior service and much lower costs than commercial publishers, along with complimentary advertising in *Real Analysis Exchange*.

**Website.** We encourage you to visit our Website and invite your feedback regarding the content. The address is:
