

**CONTENTS**

Reflection groups and multiplicative invariants  
 By DANIEL R. FARKAS ..... 215

On boundary values of solutions of a quasi-linear partial  
 differential equation of elliptic type  
 By J. CHABROWSKI ..... 223

A generalization of a result of A. Meir for non-decreasing sequences  
 By G.V. MILOVANOVIC AND I.Z. MILOVANOVIC ..... 237

Some Choquet theorems  
 By JOSE ANTONIO VILLASANA O. .... 241

Compactness in spaces of group-valued contents, the  
 Vitali-Hahn-Saks theorem and Nikodym's boundedness theorem  
 By HANS WEBER ..... 253

Tiling, packing, and covering by clusters  
 By SHERMAN STEIN ..... 277

The order of magnitude of the  $(C, \alpha \geq 0, \beta \geq 0)$ -means of  
 double orthogonal series  
 By FERENC MORICZ ..... 323

On factorization of biinfinite totally positive block Toeplitz matrices  
 By W. DAHMEN, C.A. MICCHELLI AND P.W. SMITH .... 335

More q-beta integrals  
 By RICHARD ASKEY AND RANJAN ROY ..... 365

Another family of q-Lagrange inversion formulas  
 By IRA GESSEL AND DENNIS STANTON ..... 373

Frequency of coprimality of the values of a polynomial and a  
 prime-independent multiplicative function  
 By CLAUDIA SPIRO ..... 385

Another proof of Eisenstein's law of cubic reciprocity and  
 its supplement  
 By C. FRIESEN, B.K. SPEARMAN AND K.S. WILLIAMS .. 395

Oscillatory and asymptotic behavior of certain fourth order  
 differential equations  
 By B. SMITH AND W.E. TAYLOR ..... 403

A simple problem for the scalar wave equation admitting  
 surface-wave and ah-wave solutions  
 By DAVID S. GILLIAM AND JOHN R. SCHULENBERGER ... 407
