Current Issues in Statistical Inference: Essays in Honor of D. Basu

edited by
M. Ghosh & P. K. Pathak

D. Basu’s emphasis has always been on foundations and underlying concepts rather than on technicalities. In keeping with his philosophy, essays in this festschrift volume, dedicated to Basu on the occasion of his 65th birthday, place the major emphasis on the foundational issues of statistical inference. Most of the papers in this volume are review articles written by his friends and colleagues in those areas of statistics that have interested Basu most during his active research career—information, likelihood, ancillarity, randomization, fiducial probabilities, logical foundations of survey sampling, and many related concepts. These papers are also written in a narrative style which has typified so much of Basu’s own writings in statistics.

Contents

Conditional inference from confidence sets by G. Casella; Intervention experiments, randomization and inference by O. Kempthorne; Ancillarity by E. L. Lehmann & F. W. Scholz; The Pitman closeness of statistical estimators: Latent years and the renaissance by P. K. Sen; Unbiased sequential binomial estimation by Bimal K. Sinha & Bikas K. Sinha; Sufficiency by S. Yamada & H. Morimoto; Foundations of statistical quality control by R. E. Barlow & T. Z. Irony; Prequential data analysis by A. P. Dawid; Bayesian nonparametric inference by T. S. Ferguson, E. G. Phadia, & R. C. Tiwari; Hierarchical and empirical Bayes multivariate estimation by M. Ghosh; Basu’s contributions to the foundations of sample survey by G. Meeden; Survey sampling—As I understand it by V. P. Godambe; Two basic partial orderings for distributions derived from Schur functions and majorization by K. Joag-Dev & J. Sethuraman; Optimal integration of surveys by P. K. Pathak & M. Fahimi; The model based (prediction) approach to finite population sampling theory by R. M. Royall; Sampling theory using experimental design concepts by J. Srivastava & Z. Ouyang

18 SELECTED PROCEEDINGS OF THE SHEFFIELD SYMPOSIUM ON APPLIED PROBABILITY
edited by I. V. Basawa & R. L. Taylor

The purpose of this Symposium was to focus attention on some of the prominent directions in applied probability. This volume contains several major papers covering models in epidemiology, genetics, random fields, branching processes, random walks, directed polymers and evolution time-scales. A broad array of interesting problems are discussed in the eighteen technical articles included in this volume. 288 pages
List price $15
IMS members $9

19 STOCHASTIC ORDERS AND DECISION UNDER RISK
edited by K. Mosler & M. Scarsini

The aim of this workshop was to contribute to the theory and applications of stochastic orders and to gather scientists from probability theory, statistics, reliability, queueing, economics, finance, insurance, and mathematical physics who are using similar mathematical tools. The twenty-three papers in this volume represent a selection of those presented in Hamburg. 406 pages
List price $30
IMS members $18

20 SPATIAL STATISTICS AND IMAGING
edited by A. Possolo

The conference assembled an international and interdisciplinary panel of mathematicians, statisticians, astronomers, physicists, electrical engineers, geophysicists, and medical doctors. The twenty-eight papers in this volume report on advancements in the theory and practice of spatial statistics and the technology of digital image restoration and reconstruction. 434 pages
List price $35
IMS members $21

INSTITUTE OF MATHEMATICAL STATISTICS
(Organized September 12, 1935)

The purpose of the Institute is to foster the development and dissemination of the theory and applications of statistics and probability.

OFFICERS AND EDITORS

President:
Lawrence D. Brown, Department of Mathematics, White Hall, Cornell University, Ithaca, New York 14853-7901

President-Elect:
Stephen M. Stigler, Department of Statistics, University of Chicago, 5734 University Avenue, Chicago, Illinois 60637

Past President:
Willem R. van Zwet, Department of Mathematics, University of Leiden, P.O. Box 9512, 2300 RA Leiden, The Netherlands

Executive Secretary:
Diane M. Lambert, AT&T Bell Laboratories, 600 Mountain Avenue, Room 2C-256, Murray Hill, New Jersey 07974

Treasurer:
Jessica Utts, Division of Statistics, University of California, Davis. Please send correspondence to: IMS Business Office, 3401 Investment Boulevard #7, Hayward, California 94545

Program Secretary:
Iain M. Johnstone, Division of Biostatistics, HRP Building, Room 10, Stanford University, Stanford, California 94305-5092

Editor: The Annals of Statistics
Michael Woodroofe, Department of Statistics, Mason Hall, University of Michigan, Ann Arbor, Michigan 48109-1027

Editor: The Annals of Probability
Burgess Davis, Departments of Mathematics and Statistics, Purdue University, West Lafayette, Indiana 47907

Editor: The Annals of Applied Probability
J. Michael Steele, Department of Statistics, University of Pennsylvania, Philadelphia, Pennsylvania 19104-6302

Executive Editor: Statistical Science
Robert E. Kass, Department of Statistics, Carnegie Mellon University, Pittsburgh, Pennsylvania 15213

Editor: The IMS Bulletin
George P. H. Styan, Department of Mathematics and Statistics, Burnside Hall, McGill University, 805 Sherbrooke Street West, Montreal PQ, Canada H3A 2K6

Editor: The IMS Lecture Notes—Monograph Series
Robert J. Serfling, Department of Mathematical Sciences, Johns Hopkins University, Baltimore, Maryland 21218

Managing Editor:
John R. Collins, Department of Mathematics and Statistics, University of Calgary, 2500 University Drive NW, Calgary, Canada T2N 1N4

Managing Editor:
Robert Smythe, Department of Statistics, George Washington University, 2201 G Street N.W., Washington, D.C. 20052

Individual and Organizational Memberships. All individual members pay basic membership dues of $40 plus $10 for The IMS Bulletin. Each regular member must elect to receive at least one scientific journal for an additional amount, as follows: The Annals of Applied Probability ($10), The Annals of Probability ($20), The Annals of Statistics ($20) or Statistical Science ($10). Of the total dues paid, $24 is allocated to The IMS Bulletin and the remaining amount is allocated equally among the scientific journal(s) received. Reduced membership dues are available to full-time students, permanent residents of countries designated by the IMS Council and retired members. Retired members may elect to receive The IMS Bulletin only for $20. Organizational memberships are available to nonprofit organizations at $425 per year and to for-profit organizations at $700 per year. Organizational memberships include two multiple-reader copies of all IMS journals in addition to other benefits specified for each category (details available from the IMS Business Office).

Permit permission. Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by the Institute of Mathematical Statistics, provided that the base fee of $7.50 per copy, plus $.00 per page is paid directly to the Copyright Clearance Center, 27 Congress Street, Salem, Massachusetts 01970. For those organizations that have been granted a photocopy license by CCC, a separate system of payment has been arranged. The fee code for users of the Transactional Reporting Service is 0883-4237/92 $7.50 + .00.

Correspondence. Mail to IMS should be sent to the IMS Business Office (membership, subscriptions, claims, copyright permissions, advertising, back issues), the Editor of the appropriate journal (submissions, editorial content) or the Production Editor, Patrick Kelly, Department of Statistics, University of Pennsylvania, Philadelphia, Pennsylvania 19104-6302.
