

# IMS LECTURE NOTES — MONOGRAPH SERIES

This series provides an avenue for the rapid, but carefully refereed, publication of important research results in comprehensive form and expository style. These volumes should be of great value to researchers and advanced students in statistics, probability, and related fields. The series editor is Shanti S. Gupta, Purdue University.

## 4 ZONAL POLYNOMIALS

by *Akimichi Takemura*

A self-contained development of zonal polynomials in the framework of standard multivariate analysis.

Zonal polynomials have been used extensively in the study of noncentral multivariate distributions. This easily understood treatment uses only the standard tools of linear algebra and multivariate normal distribution theory.

## 5 INEQUALITIES IN STATISTICS AND PROBABILITY

edited by *Y. L. Tong*

Proceedings of the Symposium on Inequalities in Statistics and Probability held in Lincoln, Nebraska during October 1982.

This volume reports on the recent rapid growth in the field of inequalities due, in part, to widespread applications in reliability theory, in multivariate nonnormal analysis, and in optimization and constraint problems. The volume contains thirty expository and research papers by leaders in the field.

## 6 THE LIKELIHOOD PRINCIPLE

by *James Berger and Robert Wolpert*

A comprehensive presentation and criticism of the likelihood principle and its generalizations.

This book provides a non-technical development of the likelihood principle with attention to some of its surprising implications for such areas as randomization analysis, censoring, significance testing, and sequential analysis. The authors also discuss generalizations and implementations of the likelihood principle.

**Journals.** The scientific journals of the Institute are *The Annals of Statistics*, *The Annals of Probability*, and *Statistical Science*. The news organ of the Institute is *The Institute of Mathematical Statistics Bulletin*.

**Individual, Institutional, and Corporate Memberships.** All *individual members* receive *Statistical Science* and *The IMS Bulletin* for a basic annual dues rate of \$30. Individual members may elect to receive one *Annals* for an additional \$10 or both *Annals* for an additional \$20. Dues allocations to each journal are set by Council resolution. Of the total dues paid, \$8 is allocated to *The IMS Bulletin* and the remaining amount is allocated equally among the scientific journals received. Memberships are available at a reduced rate (40% of regular rates) for full-time students, permanent residents of developing countries, and retired members. Retired members may also elect to receive the *Bulletin* only for \$10. *Institutional memberships* are available to nonprofit organizations at \$225 per year and *corporate memberships* are available to other organizations at \$500 per year. Institutional and corporate memberships include two multiple-readership copies of all IMS journals in addition to other benefits specified for each category (details available from the IMS Business Office).

**Individual and General Subscriptions.** Subscriptions are available on a calendar-year basis. For 1986, all subscriptions to one or both *Annals* automatically include one subscription to *Statistical Science*. *Individual subscriptions* are for the personal use of the subscriber and must be in the name of, paid directly by, and mailed to an individual. Individual subscriptions for 1986 are available to both *Annals* and *Statistical Science* (\$79), one *Annals* and *Statistical Science* (\$52), *Statistical Science* only (\$25), and *The IMS Bulletin* (\$15). *General subscriptions* are for libraries, institutions, and any multiple-readership use. General subscriptions for 1986 are available to both *Annals* and *Statistical Science* (\$155), *The Annals of Statistics* and *Statistical Science* (\$85), *The Annals of Probability* and *Statistical Science* (\$80), *Statistical Science* only (\$40), and *The IMS Bulletin* (\$20). Air mail rates for overseas delivery of general subscriptions are \$40 per title.

**Correspondence.** Mail to IMS should be sent to the IMS Business Office (membership, subscriptions, claims, copyright permissions, advertising, back issues), the Editor of the appropriate journal (submissions, editorial content), or the Managing Editor (production).
